

Dear Town Of Galena,

It has been a year since we introduced the Water Smart & Accufund Programs that helps you track your water usage, alerts on leaks, notifications, and saving on your water bills. Now, we want to hear from you. We are interested in your honest options so that we can continue to help you save on your water consumption and bills. Please take this short seven (7) question survey so that we can continue to help serve our community.

To take the survey, just click on the link below:

<https://www.surveymonkey.com/r/TN7PD3J>

Thanks for caring about your water use,
Kathleen Billmire
Town of Galena, Maryland
